	Noting attached, the Company must file an information blank
	showing amount paid out to employees of \$1000 to unmarried and
	\$2500 to married persons. Expect to report the \$44,325 to you as
	well the amount of salaries. Attached find Federal Income Tax Blank
	in duplicate on which I have figured your tax for 1936 to be \$7104.16
	using the figures you gave me in yours January 17 th (2 pages)

	We sent you several days ago Federal Income Tax Blank for yourself
	with figures ready for you to fill in. If this doesn't reach you be sure
	to let us know and will send you another. PS: Hope it doesn't get lost
	in the flood.

	Your letter of 1-26-37 with the Income Tax forms reached me this
	morning, the first mail we received in two weeks. Enclosing various
	forms and wonder if you can make any suggestions or corrections.
	Sorry to bother you but under the conditions that exist here I have
141 02001027 4	no one else to call on for help.

	Attached are revised figures for your Federal Tax return. As for State
	Tax, no matter what the amount it could not be deducted until next
	year, on your 1937 return. Sorry I can't figure a lower tax for you. If
	your typewriter is underwater, let me know to finish it up for you if
	you return papers to me but you will need three blanks – two white
	and one green. Attached are 4x7 calculations.

	Your letter of the 9 th enclosing my personal Income Tax Return and
	suggestions; I think I can handle the matter but if I have problem I
	will have you diagnose the case. Undoubtedly I have spent or given
	to various causes but I have not record of them but I don't want to
	get into any controversy. It hurts that I have to give up
	approximately one sixth of total amount received to a bunch of
	spend thrifts. I shall not send this return with a check for the tax
	until after March 1st
	until after ivial cir i

	We have an extension on the Hillman Income Tax Return. I have been figuring schedules today. Do not find here any blanks for the Corporation Franchise Return which to be made out about this time. Can you have these blanks sent to us or let me know where to write for them? Mr. Simmons expects to go back to the hospital: his operation was not as successful as it should have been and has to be done again. If he is unable to sign the tax return will send to you for signature before mailing
141.03141937.7	Hillman Land Company letterhead [new stationary with "Home of Kentucky's Largest Game Refuge"] From: J. N. E. (Esselstyn) To: Miss Hartt Incorporating the Hillman Ferry; only advantage would be limiting liability in case of accident. Supposing the ferry should be incorporated as of April 1st, 1937 would it be permissible to include the business of the entire year in the books and records of the Corporation or would it be necessary to include the first three months of the year as my personal property and the nine months the property of the corporation?
	A.S.H. reply appended Corporate returns are made beginning with the date of incorporation you pay on everything you take in over and above expenses. As long as you are entitled to certain exemptions on your personal return you might save money by handling it as a personal matter provided you do not sell out until after 1937
141.03141937.8	From: J. N. E. (Esselstyn) To: Miss Hartt Enclosed clippings are first thing I have seen that gives the rate of taxation; I have written to Frankfort for forms. From the information I believe my personal tax will be \$1602.91. I am going to keep record of my contributions so I can claim exemptions in 1937. Two newspaper clippings – "Ferry Operation near Dycusburg upheld by Court" and "U. S. Disallows 3 deductions by Taxpayers"
141.03151937.9	From: Esselstyn To: Kentucky State Tax Commission Please send me by return mail forms and instructions for filling the Income Tax Return for an individual return and a form for Corporation. Please advise me if you have anyone in Paducah who can assist and advise in making out these returns
141.03161937.10	From: Esselstyn To: Miss Hartt Regarding the Corporation License Tax both Federal and State. Am returning the papers in connection with the Social Security Act so that you will have them in case the matter is brought up again. I cannot see how the Company can be involved in this matter because the company practically had no employees during 1936

	Answering yours of the 14 th in regard to Ky State Income Tax. I do
	not think you can deduct on your 1936 return the \$7100.39 Federal
	•
	Taxes which could not possibly be paid until 1937. We cannot do it in
	Missouri. In other words money paid out in 1937 is deductible in
	1937. On this basis, your tax would be \$1957.93 instead of \$1602.91
	For your information, the Harris-Harrison interests are holding up
	liquidation proceedings until I can give them a statement of receipts
	and disbursements for 1935 and 1936.
